

Durable food grade polypropylene cloths for rack and cloth presses.

Are your cloths becoming old and tatty? Leaking pomace in the press? Or do you need to invest in new equipment?

Artistraw Cider are pleased to be able to offer coarse weave polypropylene cloths (or hares) to 3CCPA members, of customisable sizes as needed.

The largest cloth size we offer is 150cm x 150cm (unhemmed). However, we recommend hemming of the edges of the cloth to prevent fraying and ensure the longest life of your cloths. We can also make custom size cloths as required, please get in touch with your requirements.

Using the finest food grade polypropylene woven cloth (woven in the UK), these durable cloths can either be collected from our premises in Herefordshire or dispatched with Royal Mail for the cost price of shipping. An express courier service is available for an additional fee (to Herefordshire, Gloucestershire and Worcestershire only).

Cloth Size (hemmed unless otherwise stated)	Price (VAT not applicable)
